

## Who We Are

Emerging Women NC is a movement that seeks to assist in redefining leadership globally. By fully embracing both genders, our goal is to remove the battle of inequality to allow the best leaders to step forward. By highlighting women leaders, Emerging Women NC amplifies the positive impact inclusive leadership has on organizations and communities. We further educate and encourage leaders of all genders, cultures, and ages to lead with compassion and integrity.

## What Is The Women Who Lead Across NC Campaign?

Across North Carolina there are outstanding women that are influencing a cultural shift by modeling compassion and integrity in their personal and professional lives. They are the role models of inclusive leadership for our daughters, sons, husbands and partners. We seek to find and honor them!

## Benefits of the Women Who Lead Across NC Campaign

- Spotlited on a well-defined website on a chosen month and promoted on social media during a 12 month period
- 12 month access and support for you own causes through our social media platform
- Association with a prominent organization that is making a change for the better
- Serve as a role model for future generations of women leaders
- Encourage other women to climb and accomplish their goals
- Represent leadership values that are changing our community, nation, and the world
- Connect to other like-minded women leaders across the state
- Share your leadership learning on our “Waking Up Wise,” videos during the year.
- Opportunities to be invited to events that foster ongoing leadership growth and personal clarity
